REQUEST FOR EXPRESSIONS OF INTEREST (REOI)
(CONSULTING SERVICES)

Albania

Albanian Development Fund (ADF)

Project for Integrated Urban and Tourism Development (PIUTD)

IBRD Loan No: 8656- ALB.

Project ID Number: P155875

Issuing date: January 17, 2018

Assignment Title: Municipality of Saranda – Detailed Designs and Construction Supervision for Saranda Tourism Gateway Integrated Urban Upgrading

Reference No. **REF No: AL-ADF-44317-CQ-QCBS**

The Government of Albania has received financing from the World Bank toward the cost of the **Project for Integrated Urban and Tourism Development (PIUTD)**, and intends to apply part of the proceeds for consulting services. The consulting services (“the Services”) include: **“Municipality of Saranda – Detailed Designs and Construction Supervision for Saranda Tourism Gateway Integrated Urban Upgrading”**.

The purpose of this assignment is to obtain design and supervision services as follows:

a) Design services under include:

- Conduct mobility assessment in the study area and propose mobility strategy (including a traffic and parking management strategy);
- Development of vision and integrated urban design concepts for the specific areas already identified for project support within the urban center, in the municipality of Saranda;
- Identification and prioritization of Year 2-5 cohesive investment program to be financed under PIUTD;
- Development of preliminary designs, guidelines and preliminary estimates for the investment projects selected for PIUTD financing; and,
- Development of detailed designs for selected investments projects and supports the Client in the preparation of the bidding documents, for approved investment projects.

b) Supervision services include:

- Supervision services under this TOR are intended to include: supervision of the contracted civil works from the list of specific identified investment projects for the municipality of Saranda including monitoring, inspection, and reporting supervision activities.

Albanian Development Fund (ADF) now invites eligible consultants (“Consultants”) to indicate their interest in providing the Services. Interested Consultants should provide information demonstrating that they have the required qualifications and relevant experience to perform the Services. Consultants may associate with other firms in the form of a joint venture or a sub consultancy to enhance their qualifications.

The Assignment will be carried out through the following Tasks and activities.

Design Phase:

- *Task 1:* Carry out a rapid desk-review, including stocktaking and preparation of a **work-plan**; and preparing the **inception report**.
- *Task 2:* Conduct the urban and mobility assessment and develop a mobility strategy, including traffic and parking management strategy for the entirety of the study area , by proposing integrated multimodal solutions for the urban transport system with focus on people, not traffic, and accessibility and quality of life for tourists and residents.;
- *Task 3:* Formulate a **development vision** and **integrated urban design concepts** for the study area in its entirety and its various and distinctive zones in Saranda city, for discussion with key stakeholders and approvals by Ministry of Infrastructure and Energy (MoIE), ADF, the World BANK, beneficiary municipality and other key/relevant stakeholders, to be further developed into an investment program.
- *Task 4:* Finalize and **prioritize an integrated and cohesive investment program** for the study area and its distinctive zones including broad cost estimates aimed to the achievement of the above development vision and the associated urban design;
- *Task 5:* Prepare **preliminary designs, technical report, and revised cost estimates** for the priority investments selected for PIUTD financing based on available envelope for each city; and,
- *Task 6:* **Prepare detailed designs, BoQs, technical specifications, technical reports, EIA reports and works schedule** for selected priority investment projects to make them ready for bidding;

Supervision Phase

- Activity 1: Inception Phase
- Activity 2: Construction Phase
- Activity 3: Defects Liability Period

2. **Concept and Detail Design Phase:** A multi-disciplinary team of *10 key staff* professional and technical personal will be required for the execution of the project.
